CHEVROLET

1953-1982 CORVETTE PARTS AND ILLUSTRATION CATALOG

IMPORTANT

Passenger vehicles for 1976 thru 1982 contain many parts dimensioned in the metric system. These parts are very close in dimension to familiar customary measurements in the inch system. It is important that during any vehicle maintenance procedure, replacement fasteners have the same measurements as those removed, whether metric or customary. Mismatched or incorrect fasteners can result in vehicle damage or malfunction, or possibly personal injury.

Fastener sizes denoted on illustrations may not reflect metric dimensions. However, since the same vehicle may be built with metric or customary fasteners, care should be exercised in selecting replacement part equivalent to the original fasteners in dimensions, strength and pitch of thread. Both metric and customary fasteners required for replacement are listed in the Warehousing and Distribution Division Standard Parts Catalog.

A special Warehousing and Distribution Division label, saying "Metric Fasteners Required" in red letters, will be used to identify service parts which require metric fasteners but replace parts which originally used inch fasteners. This label will enable dealers and over-the-counter customers to quickly recognize parts which have changed to metric fasteners.

INTRODUCTION

This Parts Catalog has been compiled for the purpose of locating, identifying, and ordering replacement parts. All data and specifications contained in this publication are based on the latest product information available at the time of printing. Warehousing and Distribution Division reserves the right to make changes at any time without notice in data, price, specifications, materials, material, and model. The "List Prices" shown are suggested prices only for sales to consumers.

Replacement parts are listed in this catalog under 16 major groups, as shown on the content page. Individual parts are assigned a Prime Group number, the first numeral of the group identifies the main unit it is affiliated with, and following the decimal is the Sub-Group number under which all parts of the same name and function are listed. For example, Group 0.519 Camshaft. The "0" denotes that it is an Engine Part, "519" the sub-group where all Engine Camshafts are listed. Related parts may also be found in the same group. Within each group, parts are listed by model year, vehicle series, part number, number used per vehicle or R.H.-L.H. designation, suggested list price, part name and description.

Parts may be used in different locations on the car requiring the listing of the part number in more than one group. When this "Cross Referencing" occurs, the prime group is shown in brackets i.e. (1.850) in the description column.

To locate a listing for a part, determine the model vehicle and refer to the group number identifying it, which may be determined by using any of the following methods.

A. When the name of the part is known, consult the ALPHABETICAL INDEX, which lists parts by noun name and Group Number where part is listed.

B. Reference may be made to the ILLUSTRATION CATALOG, where Group Numbers, noun names or part numbers are shown.

C. When a part number is known and model application or a similar part is required, consult the DEALER PRICE SCHEDULE for the Group Number to locate the part in the Parts Catalog.

Parts having application or used with optional equipment are identified by Option Number or abbreviation of option. Familiarity with Option Numbers will assist in determining correct part required.

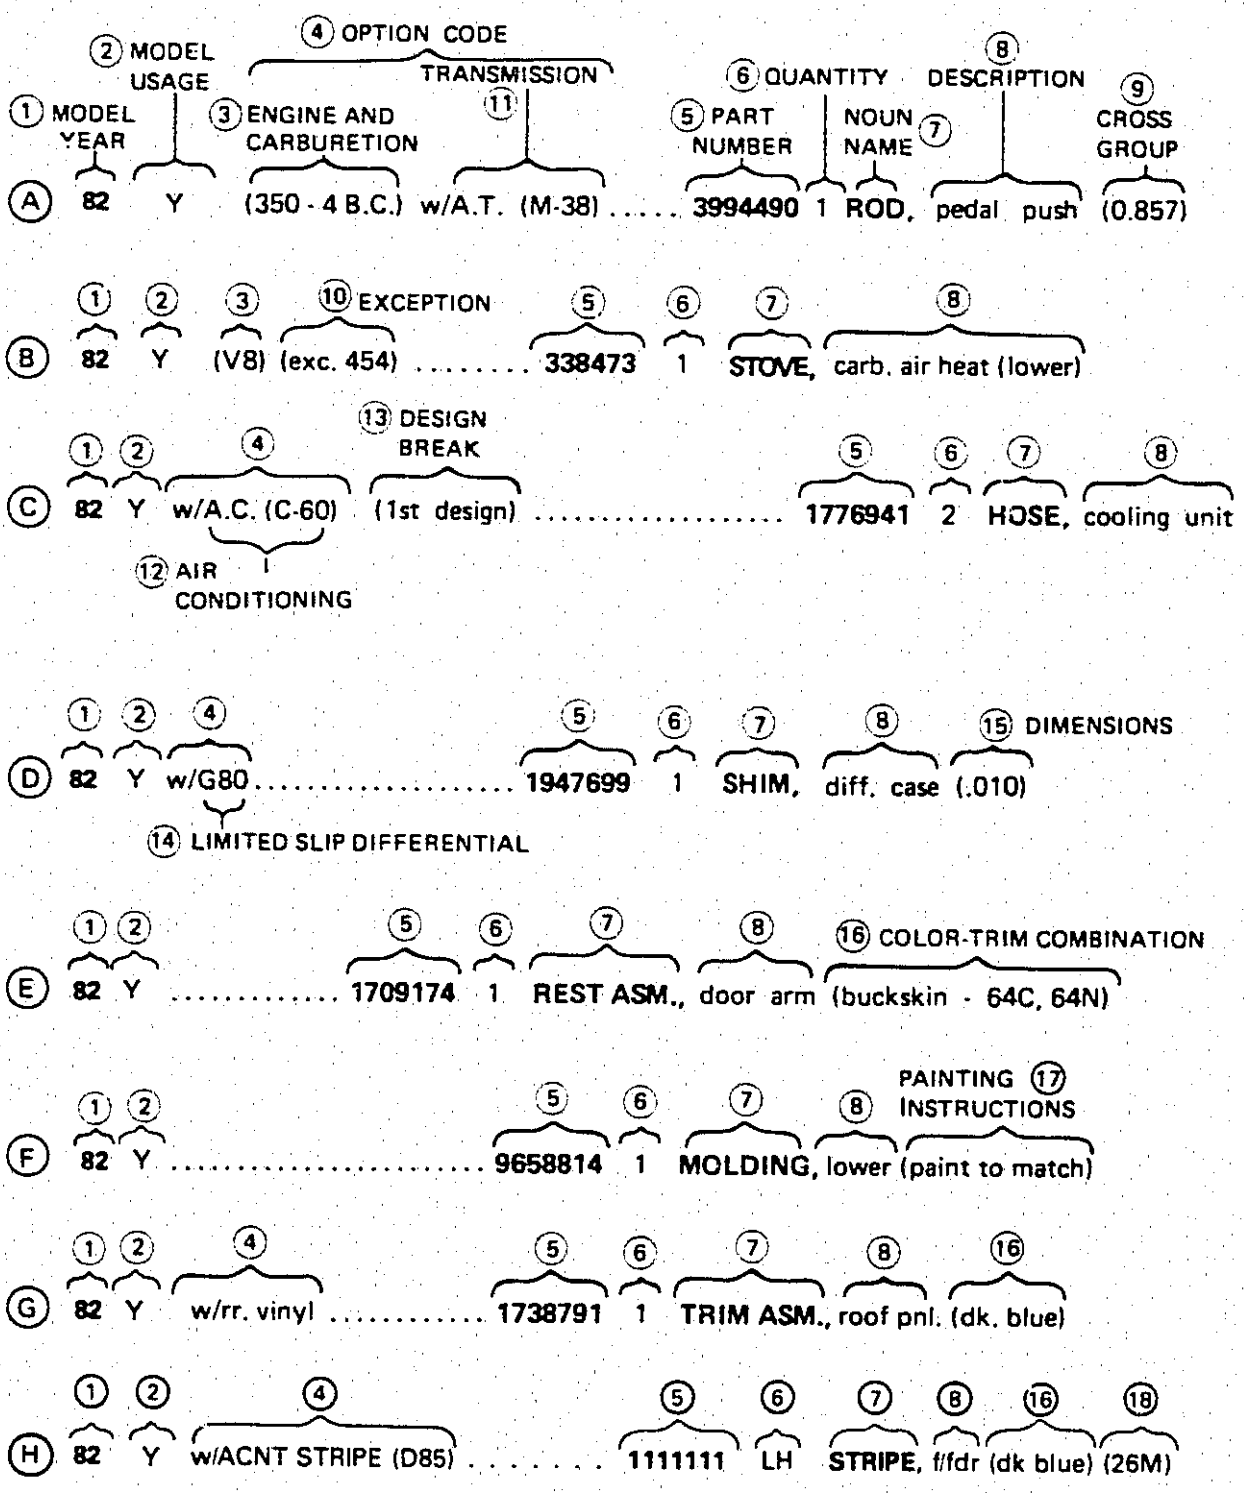

Complete identification for models and options listed in this catalog will be found preceding the alphabetical index.

Service part numbers are assigned to individual parts that make up an assembly used in the production of models. Certain items may not be listed, such as short tubing parts or fuel lines that can be made up by dealers from bulk material or attaching parts may be included in packages with the major assembly and not listed separately.

Right Hand and Left Hand parts are so designated from the driver's position when seated in the car.

CORVETTE CATALOG EXAMPLES

WHEN INTERPRETING MODEL USAGE, PLEASE REFER TO MODEL DESIGNATION CHARTS FOR SPECIFIC MODEL INTERPRETATION.

CORVETTE CATALOG

EXPLANATION OF TERMINOLOGY AS SHOWN ON CHART A.

(1) MODEL YEAR – SALES YEAR OF VEHICLE.

(2) MODEL USAGE – IN ORDER TO DETERMINE CORRECT MODEL USAGE USE THE ATTACHED MODEL DESIGNATION CHART. WHEN "ALL" APPEARS THIS INCLUDES ALL MODELS (A, B, F, H, T, X).

(3) ENGINE AND CARBURETION – REFERENCE TO ENGINES WILL BE SHOWN IN CUBIC INCH DISPLACEMENT. IF REFERENCE HAS TO BE MADE TO SPECIFIC CARBURETION THIS WILL BE SHOWN IN PARENTHESIS WITH THE ENGINE DISPLACEMENT (SEE EXAMPLE A).

(4) OPTION CODE – INDICATES ADDITIONAL USAGE OTHER THAN PRODUCTION STANDARD EQUIPMENT. IN MOST INSTANCES THE OPTION WILL BE SPELLED OUT (SEE EXAMPLE G). HOWEVER, THE OPTION CODES WILL BE USED FOR ENGINES, TRANSMISSIONS, AIR CONDITIONING, LIMITED SLIP DIFFERENTIAL AND NOX EMISSION SYSTEMS.

(5) PART NUMBER – IDENTIFIES THE NUMBER ASSIGNED TO EACH PART.

(6) QUANTITY – QUANTITY OF PARTS REQUIRED PER VEHICLE (AR MEANS AS REQUIRED).

(7) NOUN NAME – ALL NOUN NAMES WILL BE SPELLED OUT AGAINST EVERY LINE OF MODEL APPLICATION.

(8) DESCRIPTION – INCLUDES ALL ADDITIONAL DESCRIPTIVE INFORMATION NECESSARY TO DESCRIBE THE LOCATION OF THE PART ON THE VEHICLE.

(9) CROSS GROUP – A CROSS GROUP IS SHOWN WHEN A PART IS LISTED IN A SECONDARY GROUP (SEE EXAMPLE A).

(10) EXCEPTION – WILL BE USED ONLY WHEN MODELS OR OPTIONS ARE EXCLUDED (SEE EXAMPLE B).

(11) TRANSMISSION – THE TRANSMISSION ABBREVIATION M.T. (MANUAL TRANS.) OR A.T. (AUTOMATIC TRANS.) WILL BE USED IN ALL INSTANCES WHERE THE PARTS APPLY TO ALL TYPES OF TRANSMISSIONS. WHEN THE MODEL APPLICATION MUST BE SPECIFIC TO A PARTICULAR TRANSMISSION, M.T. OR A.T. WILL BE USED ALONG WITH THE OPTION CODE (SEE EXAMPLE A).

(12) AIR CONDITIONING – THE AIR CONDITIONING ABBREVIATION – A.C. WILL BE USED IN ALL INSTANCES WHERE THE PARTS APPLY TO ALL TYPES OF INSTALLATIONS. WHEN THE MODEL APPLICATION MUST BE SPECIFIC TO A PARTICULAR AIR CONDITIONING INSTALLATION, A.C. WILL BE USED ALONG WITH THE OPTION CODE (SEE EXAMPLE C).

(13) DESIGN BREAK – WHEN PARTS ARE CATALOGED WITH A DESIGN CHANGE, THE DIFFERENCE WILL BE SHOWN EITHER AFTER THE OPTION COLUMN OR BY A NOTE (SEE EXAMPLE C).

(14) LIMITED SLIP DIFFERENTIAL – THE LIMITED SLIP OPTION WILL ALWAYS BE WRITTEN (G-80) (SEE EXAMPLE D).

(15) DIMENSIONS – ALL DIMENSIONS WILL BE SHOWN IN THE DESCRIPTION COLUMN. BOTH METRIC AND S.A.E. METHODS WILL BE USED WHERE APPLICABLE (SEE EXAMPLE D).

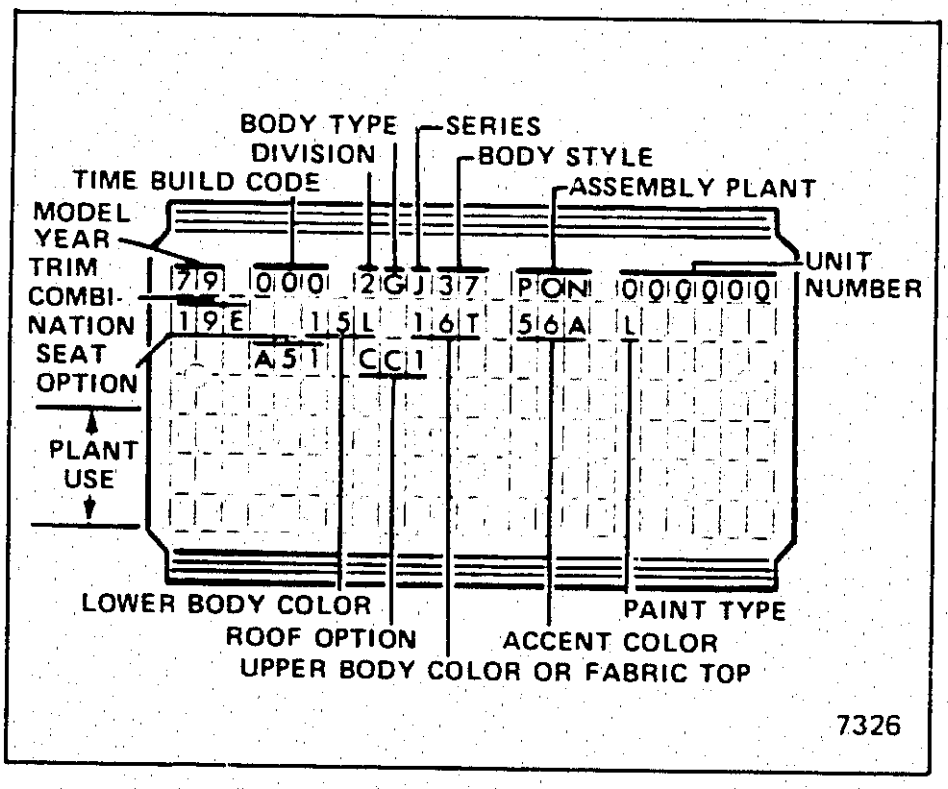

(16) COLOR AND TRIM COMBINATIONS – COLOR AND TRIM COMBINATIONS WILL BE SHOWN TOGETHER IN THE SAME PARENTHESIS IN THE DESCRIPTION COLUMN (SEE EXAMPLE E).

(17) PAINTING INSTRUCTIONS – THE PHRASE (PAINT TO MATCH) WILL BE SHOWN WHENEVER A PART HAS TO BE PAINTED BY THE DEALER (SEE EXAMPLE F).

(18) STRIPE TRIM COMBINATIONS – "M, U, L" TRIM COMBINATIONS ON STRIPES WILL DESIGNATE THE BODY TRIM CODE WITH WHICH THE STRIPE IS USED. "A" IN THE TRIM CODE DESIGNATES ACCENT COLOR.

BODY NUMBER PLATE

THE BODY NUMBER PLATE IDENTIFIES THE MODEL YEAR, CAR DIVISION, SERIES, STYLE, BODY ASSEMBLY PLANT, BODY NUMBER, TRIM COMBINATION, MODULAR SEAT CODE, PAINT CODE AND BUILD DATE CODE.

MODEL SERIES IDENTIFICATION

Year	Series	Wheelbase	Vehicle

INTRODUCTION

This **ILLUSTRATION CATALOG** has been compiled to assist in the location and identification of service parts.

The illustrations herein may not always show the exact part required, however, for identification purposes the group number or noun name can be readily located from a view covering a typical illustration.

The layout of the information contained in this publication is such that the illustrations can be removed for combining with the Parts Listing Catalog Sections by groups. The "single" catalog concept can be maintained using this system, or the separate Illustration Catalog and Parts Listings Catalogs can be used.

During each calendar year complete reprints of the catalog are published as part of the Catalog Revision Service. New or revised illustrations are mailed to dealers subscribing to the revision service as they are scheduled.

All specifications and illustrations contained in this publication are based on the latest product information available at the time of printing. Warehousing and Distribution Division reserves the right to make changes at any time without notice in data, specifications, material and models.

Due to Engineering and or part number changes, all part number application herein should be verified by referring to the Parts Catalog.

Microfiche on CD-ROM End-User License Agreement

NOTICE TO USER: THIS IS A CONTRACT. BY PURCHASING AND USING THE MICROFICHE ON CD-ROM, YOU ACCEPT ALL THE TERMS AND CONDITIONS OF THIS AGREEMENT.

This End User License Agreement accompanies the Microfiche on CD-ROM product and related explanatory materials. Please read this Agreement carefully. By purchasing and using the Microfiche on CD-ROM, you are implying that you have carefully read, agree with, and will adhere to the conditions set forth in this agreement. If you do wish to accept the terms of this end-user agreement, please do not use the Microfiche on CD-ROM. You will not be permitted to use the Microfiche on CD-ROM without consenting to this end-user agreement.

Upon your acceptance of this Agreement, Samuel A. Namen grants to you a nonexclusive license to use the Microfiche on CD-ROM, provided that you agree to the following:

1. Use of the Software.

You may install the PDF file on a hard disk or other storage device for personal use only. Each Microfiche on CD-ROM comes with a single user license. Under no circumstances should the contents of the Microfiche on CD-ROM be placed on a file server for the purposes of distributing or allowing access to the material over a network.

2. Copyright and Trademark Rights.

The Microfiche on CD-ROM is owned by Samuel A. Namen, and its structure and organization are considered the intellectual property of Samuel A. Namen. The Microfiche on CD-ROM also is protected by United States Copyright Law and International Treaty provisions. This Agreement does not grant you any intellectual property or resale rights to the Microfiche on CD-ROM.

3. Restrictions.

You agree not to modify, adapt, translate, reverse engineer, decompile, or disassemble the PDF file on the Microfiche on CD-ROM. The Microfiche on CD-ROM is licensed and distributed by Samuel A. Namen for single user utilization of its contents only. Licensed users will be permitted to use the contents of the Microfiche on CD-ROM for multimedia presentations to an audience from a single machine using a large display or projection device, but the Microfiche on CD-ROM may not otherwise be distributed, sold to or made accessible to multiple users.

4. No Warranty.

The Software is being delivered to you AS IS, and Samuel A. Namen makes no warranty as to its use or performance. SAMUEL A. NAMEN DOES NOT AND CANNOT WARRANT THE PERFORMANCE OR RESULTS YOU MAY OBTAIN BY USING THE MICROFICHE ON CD-

ROM OR DOCUMENTATION, NOR MAKES ANY WARRANTIES, EXPRESS OR IMPLIED, AS TO NONINFRINGEMENT OF THIRD-PARTY RIGHTS, MERCHANTABILITY, OR FITNESS FOR ANY PARTICULAR PURPOSE. IN NO EVENT WILL SAMUEL A. NAMEN BE LIABLE TO YOU FOR ANY CONSEQUENTIAL, INCIDENTAL, OR SPECIAL DAMAGES FOR ANY REASON.

5. Governing Law and General Provisions.

This Agreement will be governed by the laws of the State of Ohio, USA, excluding the application of its conflicts of law rules. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. If any part of this Agreement is found void and unenforceable, it will not affect the validity of the balance of the Agreement, which shall remain valid and enforceable according to its terms. You agree that the Microfiche on CD-ROM will not be shipped, transferred, or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions, or regulations. This Agreement shall automatically terminate upon failure by you to comply with its terms. This Agreement may only be modified in writing signed by an authorized officer for Samuel A. Namen.

Samuel A. Namen
Canton, Ohio 44710
USA

YOUR ACCEPTANCE OF THE FOREGOING AGREEMENT IS IMPLIED UPON PURCHASING AND USING THE MICROFICHE ON CD-ROM.

VIOLATIONS OF THESE CONDITIONS WILL BE PROSECUTED IN EVERY CASE.
